

Attention NJ Food Processors:

Your Attendance and Participation are desired at this Key Workshop

Food Industry Partnership: Workforce Needs Assessment

*Help Us Identify Solutions to our Workforce Needs, and Funding that Supports Training
Brought to you by the ManufactureNJ – Food Industry Talent Network*

Thursday, June 29, 2017, 3:00 – 5:00 p.m.

Registration, Refreshments, and Networking to begin at 2:00pm

Rowan University

Rowan Business Hall, 271 Mullica Hill Road, Glassboro, NJ 08028

The ManufactureNJ – Food Industry Talent Network is hosting this Food Industry Targeted Industry Partnership (FoodTIP) that will identify skill gaps in our food industry, and develop strategies to meet the skill needs of employers and facilitate career pathways for our workforce. Benefits of attending this program include the following:

- Spearhead discussion on the priorities of our industry with business, workforce, education, and state officials, and discuss the types of credentials, certifications, and requirements needed by both employers and employees.
- Understand the various training programs offered via NJLWD, and how your company can gain access to this funding.
- Network with regional businesses to promote innovation, collaboration, and efficiency.

You must pre-register to attend this complementary meeting, by completing the form at this link: <http://bit.ly/2rVAz8g>
